

INSIDER THREAT DEFENSE

Security Behind The Firewall Is Our Business

Insider Threat Program Management With Legal Guidance Training Course TM

One of the most important aspects of an Insider Threat Program (ITP), is protecting the privacy and civil liberties of employees. Ignore this critical aspect and a business might find itself involved in a lawsuit with a current or former employee.

[Insider Threat Defense](#) in conjunction with the Insider Threat Management Group (ITMG) has announced they will hold the Insider Threat Program Management With Legal Guidance Training Course on September 12th-13th at the Johns Hopkins University - Applied Physics Laboratory, in Laurel, Maryland.

Mr. Shawn Thompson of the [ITMG / Insider Threat Training Academy](#) is a licensed attorney with over 15 years of experience investigating and prosecuting malicious employees, and managing ITP's. He is widely recognized for his insider threat expertise and unparalleled scope and breadth of experience. Mr. Thompson has been involved with creating and managing ITP's for numerous federal agencies. His work with the National Insider Threat Task Force led to the creation of the National Insider Threat Policy and ITP Minimum Standards for Executive U. S. Government Agencies. ([Bio](#))

Insider Threat Defense (ITD) has become the "Leader-Go To Company" for Insider Threat Program Development / Management (ITPDM) Training TM and Insider Threat Risk Management Services. ITD is excited to announce that we have provided our training and services to **500+** organizations and **600+** security professionals working for; U.S. Government Agencies (DoD, IC), Defense Contractors, Defense Security Service, Critical Infrastructure Providers, Aviation / Airline Industry, Spacecraft Manufacturing-Launch Providers, Technology Companies, Banking - Financial Industry, Health Care Industry, and other large and small businesses. ([ITD Client Listing](#))

The success of ITD is largely due to how comprehensive our training is. Unlike other organizations and training companies that are narrow in their focus, ITD thinks outside the box of compliance regulations, because Malicious Insiders will. ITD covers ITPM A to Z.

Insider Threat Program Management With Legal Guidance Training Course Overview

ITD will provide you with the training, knowledge and resources to ensure your government agency or business has a robust and effective ITP that goes beyond compliance regulations (National Insider Threat Policy, NISPOM Conforming Change 2). This 2 day training course will ensure the ITP Manager / Senior Official and FSO understand their roles and responsibilities for developing and managing an ITP and ITP Working Group. This training will also cover the legal aspects of an ITP and provide expert legal advice for protecting the privacy and civil liberties of employees. (Legal Issues, Challenges, Considerations). This training is also very well suited for any business that is not required to implement an ITP, but is looking to develop or enhance their ITP.

ITD Training Guarantee

ITD is so confident of our training that we offer a "[Training Guarantee](#)".

Defense Contractors:

If you want to impress your DSS Rep. on the evaluation of your ITP, this is the training for you. Past students of ITD are informing us that their DSS Reps. are impressed with the implementation of their ITP's.

This training goes far beyond the DSS CDSE Minimum ITP Training requirements, providing you with a complete ITP Blueprint A to Z, with an assortment of templates.

This is a comment from a Defense Security Service Senior Industrial Security Specialist who took our training: "The interaction between the whole group was phenomenal. The information you put out was unbelievable. I truly believe that everyone who attended left with much more knowledge than when they arrived. Your training is second to none!!!"

Please contact ITD with any questions you may have about the training.
